

# BETHANY SCIENCE CLUB

## SHAKE, RATTLE & ROLE!

Join the Bethany Science Club as we learn about earthquakes, plate tectonics and volcanoes! We'll construct models of the earth and create simulated earthquakes which we'll monitor with student designed seismographs. Students will learn to engineer structures to withstand damage from earthquakes and they'll even build and erupt three different types of volcanoes! Don't miss out! It's sure to be an explosive good time!

-----  
**PLEASE ENROLL MY CHILD IN THE AFTER SCHOOL SCIENCE CLUB. I HAVE INCLUDED \$50**

**STUDENT NAME:** \_\_\_\_\_ **EMAIL:** \_\_\_\_\_

**PARENT NAME:** \_\_\_\_\_ **CELL:** \_\_\_\_\_

**TEACHER NAME:** \_\_\_\_\_ **CHECKS PAYABLE: ALL THINGS SCIENCE**

**Your Student will  
build a working  
seismograph  
machine!**

**Class Dates:  
Thursdays  
Sept. 15, 22, 29, &  
Oct. 6th  
3:15-4:15PM**

**Science Club Meets  
in the Upstairs  
Middle School  
Science Room**

**\$50 for 4 Classes**

### **ALL THINGS SCIENCE**

Providing Highly Engaging  
Science Clubs for Public  
and Private Schools
